

3. Use the spreadsheet given below:

	A	B	C	D
1	3	5	7	6
2	6	8	4	1
3	1	12	8	2
4	= SUM(A1:A3)			
5			= A4 ^ D3	= C5 * 25%

If the formula in cell A4 is copied across to cell D4,

a) What values will be found in the following CELLS:

B4 _____ C4 _____ D4 _____

4. For the spreadsheet in question 3, above

a) Determine the value of CELLS:

C5 _____ Hint ^ means exponent

D5 _____

b) If you did not type the % sign in the formula in cell D5, what value would be found in CELL

D5 _____
