## 10. Funding Requests

### 1. Pottery Wheels (2) and printmaking studio supplies \$3500 (\$3,000 wheels, \$500 supplies)

SUMMARY – presentation by Steven Strutynski, teacher – presentation/slide show on print making – talked about the various medias he teaches in the class - block printing, silk screening, shirt making, lanyards, halloween costumes, indigenous drum. There is an art club after school on Tuesday that would utilize the pottery wheel(s). For 20 items or under requests he can process for school or community, but over 20 it is hard to recoupe the cost of errors so he sends them to a printing company.

Stelly's Ceramics – kids working with their hands more than computers, mold making, wheel pottery, hand building. \$3,000 pottery wheels – heavy duty, "Whisper" model, low maintenance, solid warranty – throw with hands, mass production of different vessels, teapots, mugs. Has buckets of clay to use that is specific for the pottery wheel.

- Proposal for 2 wheels @ \$1500/wheel: wheel to be on and a teacher lead wheel – grade 12's will lead if talent is there, always in demand and being asked for. Not lots of space, open up ceramics room to make room for 3-4, wants to start with 2
- One would suffice, to play around with, another next year and year after if successful
- Art club (extra-curricular) or in art class (curriculum)
- Has two kilns, large and small
- \$500 supplies
  - Starter package for the wheel (paddle, rib tools, etc)

- **MOTION: Dana – approve \$1,750**
